

# CH-53 Light String

Aero-Land offers a customized Light Kit (ALLK-53) for the CH-53 aircraft. This aircraft requires One Large Carrying Case (ALBB-53) of 24 light bulbs (ALLB-123). Light Strings, and a storage box (ALSB-5441) are also included in the Light Kit. Listed below is the Light String available for the CH-53 for the cargo area located on the aircraft. Each item can be purchased separately depending on the needs of the customer.

## ALLK-53      Custom Light Kit for CH-53 Aircraft w/ Carrying Case

F704-C53      Cargo Area Light String (CH-53) 95 ft.

Light Cover

Aero-Land supplies custom light covers that are part of the FOD Safety Standards. Every light string available along with the covers are tailor made to suit the needs of the aircraft and the technician who uses them.
